FISCO Decentralized Application Platform Ltd.

FDAP Begins Accepting Seventh Round FSCC Lending

— From 9 am on Tuesday, October 12, 2021 —

FISCO Decentralized Application Platform Ltd. (Head Office: Kishiwada, Osaka; President and CEO: Shuichi Shiromaru; “FDAP”) hereby announces that it will start the Seventh round of FSCC lending applications.

■ Information about Lending Application

A smart contract has been implemented for this application on the Ethereum blockchain, which is made to prevent counterfeiting. The holders of FISCO Coins (“FSCC”) will be able to receive the lending payments by lending the FSCC through a smart contract.

This application is being designed and developed as a decentralized application (“DApps” *1) with the assumption that the specifications, etc. of the application will be changed in the future through a decision made by participants in the FSCC community.

(*1) Stands for “Decentralized applications” (an application with no central authority and decentralized management). A decentralized, administrator-free application that uses blockchains.

● Overview of Application Functions

- Lending applications for FISCO Coin (FSCC)
- Confirmation of smart contract (contract details)
- Return of FSCC that are lent and payment of lending payments
- Cancellation of automatic renewal for smart contract

● Date for beginning of services and link to application website

October 19, 2021 (Tuesday) 9:00 am

Link to application website (Japanese): <https://fiscocoin.com/lending/>

● Seventh round of acceptance of lending applications

Acceptance of applications for the Seventh round of lending will be from October 19, 2021 at 9:00 am to November 16 at 8:59 am. The total amount of lending payments to be paid in the Seventh round is expected to be ¥250,000. The lending payments paid to each lender will be calculated based on the total amount lent and amount lent by each lender. As a result, the lending payments paid to each lender will be greater when the total amount lent is low; conversely, the lending payments paid to each lender will be smaller when the total amount lent is large. The final lending payments rate in the Fifth round was 14.56%.

News Release

FDAP aims to expand the range of use of FSCC and create new business that utilizes the concepts of DApps and DeFi (Decentralized Finance *2).

(*2) Stands for Decentralized Finance. DApps in the field of finance. It offers services such as cryptocurrency exchanges with no central authority, derivatives and lending, making it one of the most talked about fields.
